

## OBSTETRIC SERVICES

Keck Medicine of USC Obstetrics and Gynecology is a leading program in all aspects of women's health, with nationally recognized programs in obstetrics and gynecology. Our compassionate team can provide assessment, treatment and support through every stage of a woman's life.

The obstetricians of Keck Medicine provide the utmost in patient- and family-focused care. We provide care for all pregnant patients and offer specialized care for high-risk pregnancies.

Our physicians offer complete mother/baby care at Good Samaritan Hospital, where all labor, delivery and recovery rooms are attractive, spacious and private. Good Samaritan Hospital offers:

- Deluxe Suite/VIP Suite options (*additional fees may apply*)
- Prenatal educational classes (*offered in English, Spanish and Korean*)
- 24/7 access to anesthesiology services
- Lactation support services
- Post-Partum room-in options
- Concierge services (*additional fees may apply*)

USC maternal-fetal medicine specialists provide expert, multidisciplinary care for women and newborns who have complications identified prior to or during pregnancy. Our team of experts provides care to families with even the most complex maternal and fetal conditions. Premature newborns or those with other complications are cared for by USC neonatologists in the fully equipped Good Samaritan Hospital Level III Neonatal Intensive Care Unit.

\*Please note: Physicians listed on the back of this flyer are members of USC Care Medical Group OB/GYN. Plan members seen by non-USC Care Medical Group providers during pregnancy at Good Samaritan Hospital may be Tier 2 and/or Tier 3 providers.

- Labor & delivery offered at Good Samaritan Hospital in Los Angeles
- \$100 facility copay when delivered at Good Samaritan Hospital by USC Care Medical Group Obstetricians
- Offices located in Samaritan Medical Towers, adjacent to Good Samaritan Hospital

## OBSTETRIC SERVICES

### CARING FOR OUR PATIENTS

We offer our patients an holistic approach to care. We consider your medical issues in the context of your physical, emotional and social environment.

Our physicians are advocates for our patients. We foster long-term relationships and focus on helping you achieve your personal best outcome.

We provide the full spectrum of care and serve as the ultimate health care resource, assisting in making treatment decisions as they relate to daily life and needs.

We honor and welcome our patients requests for services to enhance their birthing experience. These requests include:

- Birth plans and doula participation  
*(in accordance with hospital policy and reasonable care; doula costs not covered by USC Network Medical plan)*
- Cord blood banking *(costs not covered by USC Network Medical plan)*
- Pre-admission facility tours
- Anesthesiology discussions for scheduled Cesarean section deliveries
