

Voluntary Benefits

Colonial Life

USC Verdugo

Keck Medicine of USC

We realize how important your benefits package is to you. That is why we have set up both telephonic and online enrollment sessions for you to enroll in voluntary benefits. These insurance plans are offered in addition to your core or standard benefits. They do not replace having or participating in core benefits, but supplement your coverage. These plans can help you pay for things your other insurance won't, such as lost wages, out-of-pocket expenses and household bills.

This is your opportunity to enroll in these voluntary benefits from Colonial Life:

Disability income insurance replaces a portion of your income to help make ends meet if you become disabled from a covered accident or covered sickness.

Accident insurance helps offset unexpected medical expenses, such as emergency room fees, deductibles and co-payments that can result from a fracture, dislocation or other covered accidental injury.

Cancer insurance helps offset the out-of-pocket medical and indirect, non-medical expenses related to cancer diagnosis and treatment.

With most Colonial Life insurance products:

- Benefits are paid directly to you, unless you specify otherwise.
- You can continue coverage with no increase in premium when you retire or change jobs.
- You're paid regardless of any other insurance you may have with other insurance companies.
- Coverage is available for your spouse and dependent children.

The benefits of good hard work.®

Coverage is subject to policy exclusions and limitations that may affect benefits payable. See your Colonial Life benefits counselor for complete details.
